

The Physician Advantage

As a leading national specialty pharmacy provider, CoramRx offers comprehensive therapy-management programs, as well as injectable, infusible and oral pharmaceutical treatments to maximize compliance and minimize complications for your patients. Our one-stop shop solution offers them:

- 24/7 clinical assistance
- Pharmacists and nurses specialized in complex clinical care
- Dedicated patient care coordinators
- Therapy-specific patient education materials
- Convenient drug delivery

Comprehensive Disease State Solutions

Our goal is to help you achieve therapeutic success. We support you through therapy-specific education and a personal care coordinator who works with our clinical teams to monitor your treatment, help control side-effects and answer any questions you have regarding your therapy.

Our Comprehensive Disease State Solutions include:

- | | | |
|----------------------------------|-----------------------|-------------------------------------|
| ■ Alpha-1 antitrypsin deficiency | ■ Hemophilia | ■ Osteoporosis |
| ■ Anemia | ■ Hepatitis C | ■ Psoriasis |
| ■ Crohn's disease | ■ HIV/AIDS | ■ Respiratory syncytial virus (RSV) |
| ■ Fertility | ■ Immune deficiencies | ■ Rheumatoid arthritis (RA) |
| ■ Gaucher's disease | ■ Multiple sclerosis | ■ Transplant |
| ■ Growth hormone | ■ Oncology | |
| | ■ Osteoarthritis (OA) | |

National Distribution, Local Presence

CoramRx offers national distribution and local services through mail order facilities, more than 80 infusion pharmacies and over 60 ambulatory infusion suites across the United States. The combination of more than 30 years of industry experience, clinical knowledge and dedicated pharmacy teams ensures that your patients have optimal access to all types of specialty products.
